CARD TRICKS

Now you see it . . . Derek Frost's 'Card table' demonstrates a sleight of hand worthy of a conjuror. Triangular in shape, the table is made from Macassar ebony veneer with a stylized tablecloth of purpleheart veneer. The 'cards' themselves are cleverly executed in marquetry. Derek Frost works to commission and is based at Moreton Yard, Moreton Terrace Mews North, London SW1 (tel: 071-828 6270).
