REVIEWERS CHOICE

Critique:

Exceptionally well written and presented, "Living and Loving in the age of AIDS: A Memoir" is an extraordinary, informative and thought-provoking read - and one that is especially and unreservedly commended to the attention of all members of the LGBTQ community.

While highly recommended for community, college and university library LGBTQ Contemporary Biography collections, it should be noted for personal reading lists that "Living and Loving in the age of AIDS: A Memoir" is also readily available in a digital book format (Kindle, \$8.99).
